

**ARTICLE III
DEFINITIONS**

Section 3.01. For the purpose of enforcing the provisions of this Ordinance, certain terms and words used herein are defined as follows:

...

Section 3.01.45a. MEDICAL MARIHUANA FACILITIES: The State of Michigan's Medical Marihuana Facilities Licensing Act defines the following medical marihuana facilities (PA 281 of 2016, MCL 333.27102):

- a. **MEDICAL MARIHUANA GROWER:** A licensee that is a commercial entity located in this state that cultivates, dries, trims, or cures and packages marihuana for sale to a processor, provisioning center, or another grower (MCL 333.27102(g)).
- b. **MEDICAL MARIHUANA PROCESSOR:** A licensee that is a commercial entity located in this state that purchases marihuana from a grower and that extracts resin from the marihuana or creates a marihuana-infused product for sale and transfer in packaged form to a provisioning center or another processor (MCL 333.27102(s)).
- c. **MEDICAL MARIHUANA PROVISIONING CENTER:** A licensee that is a commercial entity located in this state that purchases marihuana from a grower or processor and sells, supplies, or provides marihuana to registered qualifying patients, directly or through the patients' registered primary caregivers. Provisioning center includes any commercial property where marihuana is sold at retail to registered qualifying patients or registered primary caregivers. A noncommercial location used by a primary caregiver to assist a qualifying patient connected to the caregiver through the department's marihuana registration process in accordance with the Michigan medical marihuana act is not a provisioning center for purposes of this act (MCL 333.27102(t)).
- d. **MEDICAL MARIHUANA SAFETY COMPLIANCE FACILITY:** A licensee that is a commercial entity that takes marihuana from a marihuana facility or receives marihuana from a registered primary caregiver, tests the marihuana for contaminants and for tetrahydrocannabinol and other cannabinoids, returns the test results, and may return the marihuana to the marihuana facility (MCL 333.27102(y)).
- e. **MEDICAL MARIHUANA SECURE TRANSPORTER:** A licensee that is a commercial entity located in this state that stores marihuana and transports marihuana between marihuana facilities for a fee (MCL 333.27102(z)).

The definitions in the Medical Marihuana Facilities Licensing Act (PA 281 of 2016, MCL 333.27102) should be consulted in case they have been amended since this section was adopted.

That portion of the land used for open storage facilities for materials or equipment used in the manufacturing, compounding, final product storage or processing shall be totally obscured by six (6) foot wall and/or barrier of suitable material on those side abutting any residential district, in accordance with Section 13.13.

...

5. Medical Marihuana Grower (subject to the provisions of Section 13.20).
6. Medical Marihuana Processor (subject to the provisions of Section 13.20).
7. Medical Marihuana Safety Compliance Facility (subject to the provisions of Section 13.20).
8. Medical Marihuana Secure Transporter (subject to the provisions of Section 13.20).

...

ARTICLE XIII
GENERAL PROVISIONS

...

Section 13.20. MEDICAL MARIHUANA FACILITIES: Medical marihuana facilities shall be subject to the following regulations:

1. All Medical Marihuana Facilities.
 - a. Medical Marihuana facilities shall be located a minimum 500 feet from schools in existence at the time of application for a zoning compliance permit.
 - b. Medical Marihuana facilities shall be located a minimum of 100 feet from the lot line of parks, churches, and government buildings in existence at the time of application for a zoning compliance permit to the building houseing the medical marihuana facilities.

2. All Medical Marihuana Facilities permitted in the I-1 District.

- a. A permanent six (6) foot high fence, wall, or other protective barrier shall be installed around the medical marihuana facility.
 - (1) If the fence, wall, or other protective barrier is not at least 50% opaque, a vegetative screen shall be planted between it and the property line.
 - (2) At least fifty percent (50%) of vegetative screening shall be evergreen. Vegetation used to screen the medical marihuana facility shall be planted every ten (10) feet on center at a planting height of four (4) feet with a height at maturity of not less than six (6) feet and width not less than ten (10) feet.
- b. Any lighting associated with a medical marihuana grower cannot extend onto adjacent properties. A photometric study may be required to determine if this condition will be met.
